

Statutory Education Licence 2024 rate card

The 2024 rate card has been developed as part of Copyright Agency's recent review of the fees that are charged to private education providers. Reductions have been made to rates for both 'Non-Commercial' and 'Commercial' institutions, and minimum fees have been frozen with no CPI added for 2024.

NON-COMMERCIAL EDUCATIONAL INSTITUTIONS

"Non-Commercial Educational Institution" means an educational institution that is not conducted for the profit, direct or indirect, of any individual or individuals.

Equivalent Level of Study	Fee per	Rate
University — Graduate or Undergraduate courses	EFTSU or EFTSL as applicable*	\$40.50
VET Level — Diploma or Certificate	Full-time equivalent (FTE)**	\$10.01
Secondary — Digital and Hardcopy	Full-time equivalent student	\$16.42
Primary — Digital and Hardcopy	Full-time equivalent student	\$16.42
Preschool / Kindergarten	Licensed number of daily places	\$2.01
Adult Education and Community College — Non-Vocational Courses, no Certificates issued	Enrolment number	\$0.27
Minimum fee	—	\$162.90

* EFTSU means equivalent full time student unit and EFTSL means equivalent full time student load

** VET Full-Time Equivalent students (FTE) = Number of modular hours divided by 540

For example: if you have 100 students studying 10 hours per week for 10 weeks, the calculation would be 100 (students) x 10 (hours) x 10 (weeks) = 10,000 hours. Then divide the 10,000 hours by 540 to get the number of FTE students (10,000 / 540 = 18.52). This is the FTE number to be used to multiply the rate.

"Commercial Educational Institution" means an educational institution that is not a Non-Commercial Educational Institution. This section does not apply to TEQSA Registered Commercial Educational Institutions.
